

Minutes of Meeting (MOM)

Project: Website Enhancements & Tracking Implementation

Date: 20th March 2026

Time: 11:30 AM – 12:30 PM

Participants: Subhankar Rout, Subhankar Sahu, Subham Mohapatra

Agenda

1. Review of website issues
2. Tracking and analytics integration
3. UI/UX improvements
4. Form and backend updates

Discussion Points & Action Items

1. Analytics & Tracking

- Review and fix Google Analytics (GA) code configuration
- Resolve backend tracker issues
- Integrate GA tracking with backend
- Main traffic sources identified: Webinar, School Visit, Teacher Training

2. Event Page

- Redesign similar to Career Map Event Page
- Add 2 CTA buttons in description section
- Add “Get Details” button

3. My Career My Identity Form

- Remove description at top
- Fields to include: First Name, Last Name, Email Address, Phone Number
- Add additional questions
- Add Photo/Video upload option
- Improve Submit button
- Make side image dynamic

4. Know Your Future

- Use Tree Image for form design

5. Know Your Strength & Weakness

- Correct answer to always appear bold
- Improve visibility of "Type your Strength" placeholder
- Center align Submit button
- Separate Emotional Area & Study Area
- After submission: show bold info line or popup
- Final submit button to trigger popup

6. Explore Your Interest

- Center align Submit button
- Replace info boxes with popup after submission

7. AMA Bot (Chatbot)

- Ensure chatbot tracking is enabled
- Verify backend integration and tracking

Additional Information

1. Need Code Files & Database for Requirement verification & Project Estimates
2. Requirement Analysis Phase to start from the Day we have the Code
